ENDURANCE FLIER MAY DIE FROM CRASH INJURIES

Miss Viola Gentry Believed Fatally Hurt; Co-Pilot Killed Outright

ATTEMPTED A RECORD

Jack Ashcroft Was Co-Pilot When Craft Cracked Up On Long Island

ROOSEVELT FIELD, N. Y., June 28—(INS)—Miss Viola Gentry, endurance flyer, was probably fatally injured early today when her plane, "The Answer," cracked up on the Jericho Turnpike, near Westbury, L. I., Jack Ashcraft, Miss Gentry's co-pilot, died instantly in the crash.

The plane, which had been in the air since 8.49 o'clock last night in an attempt to establish a new refueling endurance record, struck a tree.

"The Answer" was coasting along at a height of 500 feet when it suddenly went into a nose dive, two workmen, who witnessed the accident, said.

Nassau County police hurried to the scene with axes and were forced to hack through the plane's cabin in order to reach the flyers. Ashcraft was dead when his body was lifted from the wreckage, while Miss Gentry was unconscious.

As she was being lifted into an ambulance to be taken to the Nassau Hospital at Mineola, Miss Gentry regained consciousness long enough to open her eyes and exclaim, "Tell him I'm dying."

Miss Gentry suffered a broken leg, a broken arm and internal injuries. She at one time held the solo endurance record for women flyers.

At the hospital it was said Miss Gentry's condition was critical. She was still unconscious at 8.30 o'clock and no detailed examination of her injuries had been made yet.

When "The Answer" took off last night it had 116 gallons of fuel aboard, sufficient to keep it in the air for 23 hours. A refueling plane, piloted by Paul Dixon, of Hartford, Conn., was to make the contact this morning.

Just last week, Miss Gentry failed in an attempt to set a refueling endurance mark for light aircraft. She was forced to bring her plane to the ground after being aloft for nine hours when she was unable to make contact with the refueling plane.

Jack Ashcraft was well known as a flyer in and around New York. He placed sixth in the race from Spokane to New York last September.

Because of the presence in the air of the "Three Musketeers," the plane in which Martin Jensen, his wife, and William Ulbrich, also are attempting to set a new endurance record, Miss Gentry was ordered to keep her ship at an altitude of from 2,000 to 2,500 feet so she would avoid a mid-air crash with the other plane, instructed to fly a thousand feet lower.

This is the second fatal air accident in the metropolitan district in the last 2 hours. Three men were killed and two were injured last night when a sightseeing flying boat owned by the Curtiss Flying Service, crashed in Little Egg Harbor, N. J., while trying to make a forced landing on the water.

TRAVEL CLUB'S HOME FEATURES CLUB REPORT

Local Organization Oustanding in County Club Activities

HELD AT DOYLESTOWN

DOYLESTOWN, June 29.—Reports of the activities of the various womens' clubs throughout the county were given by the representatives of the 16 clubs at the mid-summer conference of the Bucks County Federation of Women's Clubs held at Doylestown Inn on Wednesday.

The meeting was in charge of the president, Mrs. Ferdinand Sommer, of Quakertown. Mrs. Fred. I. Miller, of Buckingham, is the secretary. The reports showed that the clubs are very active in various lines of work.

One of the outstanding reports was that of the Bristol Travel Club. Announcement was made at the conference that this club has recently carried out a project to maintain a club home. The club has rented a property in a central location of Bristol. The building at ore time was used as the Friends' school. The club is now furnishing the building and hopes by fall to have it ready for occupancy.

Mrs. S. B. McEntee, for the Doylestown Y. I. A., gave a report of the annual drive for Emergency Hospital funds which is being carried on in Doylestown.

Mrs. H. J. Shoemaker, for the Doylestown Nature Club, told of an interesting work she had been doing with the Junior Nature Club members by visiting gardens and observing flowers and plants.

Mrs. Kessler, of the Warrington Club, mentioned the work their members are doing towards an annual lawn fete to be held in July.

Mrs. Jesse E. Harper, Yardley, president of Bucks County W. C. T. U., said that work is progressing well among the eighteen unions under her charge.

Mrs. Fanny Risdon, Solebury, on behalf of the Society for the Prevention of Cruelty to Animals, made a splendid report of the work that society is doing and urged club women to become interested in the work. Members are needed as well as funds to carry out present plans, she said.

Mrs. H. A. Clymer presented the subject which has claimed the attention of county clubs at previous times, that of county libraries. A committee was appointed by Mrs. Sommer to cooperate with the Granges and other organizations in the county looking forward to having a county library established.

The committee includes: Mrs. H. A. Clymer, Warrington; Mrs. J. B. Edmonds, Southampton; Mrs. A. J. Thompson, Wycombe, and Mrs. Harry Snyder, Quakertown.

FARMER WANTS WIFE; MUST BE RIGHT KIND

Offers Position as Housekeeper First With Prospects of Marriage if Suitable

WILL CONSIDER WIDOW

WANTED—Woman, single, or widow, about 35 years of age, to act as housekeeper, with prospect of marriage. Those with more than one child need not apply. Write F. Bryan, Greenlee Farm, Bristol R. F. D. No. 1.

The above advertisement appears in the classified columns of today's Courier, and is another evidence of the diversity of things sought for through the classified advertising medium.

The advertiser called at the Courier office yesterday and authorized the insertion of the "ad." in today's issue.

Mr. Bryan states that he is American born, a widower with no children, and is 39 years of age.

The advertiser states that he wants a woman to keep house for him on a farm. If she proves satisfactory as a housekeeper, and is of a type which Mr. Bryan would desire as a wife, marriage is a further inducement held out to the applicant for the position.

"I do not want a woman who powders and paints, nor curls her hair," said Mr. Bryan. He then was emphatic in his declaration that if the applicant was to be his future wife she must be of a "common-sense" type, and without the frills and furbelows of the so-called "flapper."

Mr. Bryan is a hard-working farmer, and says that he has a good position. He says that it is not absolutely necessary that the woman be entering the matrimonial field for the first time. He has no particular objection to widows, providing they are of the right type. He does, however, specify that women with more than one child will not be considered.

Appetizing Menu To Be Served at Lawn Supper

Cold boiled ham, cole slaw, potato salad, pickles, cheese, apple sauce, cake, coffee and iced tea comprise the menu offered by the Epworth League of the Bristol M. E. Church at the supper to be served on the church lawn Saturday evening. Ice cream will also be on sale. Tickets are reported to be selling well.

If the weather is inclement the supper will be served in the church banquet hall.

RETURN HOME

Patients who returned to their homes from the Harriman Hospital yesterday were: Miss Alice Gallagher, of Mansion street; Miss Clara Barone, of Wood street, and Miss Yolanda Piccari.

IN HOSPITAL

Little Nancy Bingham, daughter of Rev. and Mrs. James J. Bingham, of Oak Lane, had her tonsils removed at the Harriman Hospital, yesterday.

MAKING IMPROVEMENTS TO WASHINGTON HALL

I. O. O. F. Headquarters Are Being Extensively Renovated

WILL BE ATTRACTIVE

Many alterations are underway at the I. O. O. F. hall, Radcliffe and Walnut streets, and other improvements are being planned for within the next few weeks.

The first and third floors of the structure are the main portions receiving attention. Metal ceilings and walls are being placed in the rooms of the first floor, new lighting fixtures are being installed and the woodwork redecorated.

In fact it is stated by those attending to the details of the work that the street floor will be considerably changed in appearance, and a comfortable reading room is to be provided. The main section will be used as a social room for members of Hopkins Lodge, No. 87, I. O. O. F.

One of the main items of interest at the structure is the double door at the front or main entrance. These doors came from Libby prison, and are quite old. Fashioned of heavy lumber they are reinforced with metal. Colonial type of hardware is still on the doors, which has elicited the interest of many.

A kitchen is to be built at the rear, which will facilitate work when the organizations using the building are entertaining or planning for dinners.

The stairway leading to the second and third floors is also receiving attention, a new one to be installed.

A coat of paint is being applied to the lodge room on the third floor and new lighting fixtures are being placed there also.

It is expected that the work on the entire building will be finished in about three weeks.

ATTRACTIVE TOUR LEADS TO OHIO'S LAKE ERIE SHORE

Keystone Automobile Club Maps Out Pleasant Auto Journey

DELIGHTFUL VACATION

Route is Thru Scenic Land; Visit to Put-In-Bay is Suggested

Over a winding trail through some of Pennsylvania's most attractive woodland and mountain regions to the summer playgrounds on the Lake Erie shore of Ohio, the Keystone Automobile Club has mapped a tour that will afford motorists a delightful vacation trip.

"Owing to their close proximity to the scores of summer resorts along the Atlantic coast many Pennsylvanians overlook the fact that Ohio, lying just west of the Alleghenies, has numerous vacation haunts well worth visiting," says Russell B. Carty, representative of the club. "Along the shore of Lake Erie are scores of attractive watering places while the interior of the state contains numerous lakes and rural sections that have become summer playgrounds in recent years. In the southern section of the Buckeye State are relics of the Mound Builders, reminders of a civilization that flourished long before Columbus discovered the new world."

In addition to the Lake Erie resorts of Put-In-Bay, the scene of Commodore Perry's victory over the British fleet, and the famous Cedar Point section near Sandusky, northern Ohio, has scores of delightful lake resorts. Within twenty miles of Akron are twenty-four of these lakes while just south of that city are located the Portage Lakes in one of Ohio's beautiful state parks. Adjoining the park of 500 acres is Gloria Glen, the summer vacation section of wealthy Cleveland and Akron residents.

From Bristol pass through Langhorne, Newtown and Buckingham to Doylestown, from there the tour leads over state route 122 through Chalfonte, Montgomeryville and Center Square into Norristown. Here the Schuylkill River is crossed to Bridgeport and Valley Forge State Park is passed to Paoli where the Lincoln Highway is met. Westward over this road the journey passes through Coatesville to Lancaster where national route 230 is used to Harrisburg. Northward along the banks of the Susquehanna River the tour leads through Clarks Ferry to Amity Hall. Here national route 22 is followed through Lewistown, Huntingdon and Blairsville into Delmont.

To avoid passing through Pittsburgh with its traffic congestion the tour leads from Delmont through New Kensington, Butler and New Castle across the state boundary into Youngstown, Ohio. From here national route 422 can be followed into Cleveland the beautiful lake shore metropolis that stretches along the lake-front for 20 miles. In either direction from Cleveland lie attractive summer resorts. From Cleveland state route 2 is followed to Sandusky.

In addition to Put-In-Bay and Cedar Point, Sandusky is within short sailing distance of North Bass Island, Pelee Island and many other coast resorts. Should travelers desire to reach Sandusky through Akron, then state route 18 should be followed from Youngstown. Akron can be used as the hub for a series of side trips into attractive lakeland country, one of the most attractive leading to Chippewa Lake, over route 18 to Medina. Another excellent central point from which side journeys can be made is Columbus, the Ohio state capital.

To reach Columbus from Akron, state route 36 is followed to Wooster, where state route 3 is met leading through Londonville and Mt. Vernon to the capital city. From Sandusky the road lies through Bucyrus, over state

LATEST NEWS

DOYLESTOWN, June 28—(INS)—The Inter-State Bridge Commission of Pennsylvania and New Jersey, today announced the purchase of two more toll bridges spanning the Delaware between the two states. The purchase price was $45,000 for each bridge.

One of the spans connects Frenchtown, N. J., and Uhlertown, Pa., in Bucks county, while the other extends across the river from Milford, N. J., to Upper Black Eddy, Pa.

Purchase of the bridges marks the 14th bridge to be freed of tolls during the past ten years by the commission at a cost of more than $1,400,000. Three bridges only remain to be purchased.

Wins Rockefeller Prize

Miss Marion Boyd, 17-year-old Detroit miss, was presented with a certificate by President Hoover for her winning slogan, "This Is Your Country—Beautify It," in the contest sponsored by Mrs. John D. Rockefeller, Jr., and conducted by the Art Center of New York. The slogan will no doubt be a household word from now on, as the national campaign to encourage the beautification of American rural localities swings into action.

PHILA. BOYS AND GIRLS ARRIVE AT CAMP HAPPY

Fifteen Hundred Commence Three Weeks of Happy Activity at Torresdale

EXPECT BIG TIME

Fifteen hundred boys and girls from the city of Philadelphia, commenced three weeks of happy activity at Camp Happy, Torresdale, yesterday.

At the camp during the summer months many tots, aged six to 14, will find health and thus happiness, for each year during the past decade has the camp offered proper food for undernourished bodies, and healthful exercise, as well as rest.

The number cared for during the summer of 1928 reached near the 4,000 mark, many gaining several pounds during their vacation at the "health resort" of Philadelphia kiddies.

Arriving here this morning they were divided into groups, according to age, and then taken to their counsellors. The next movement of interest to the youngsters was the receiving of a khaki play suit, a towel and washrag, and blankets and a nightgown. The suits and dresses worn to the camp were carefully placed away to await that day when they will return to their city homes.

Camp Happy's reputation for good "eats" has gone down through these years, and even today the youngsters were looking forward to the many meals to be served in the mess-hall. Chicken is often on the menu, as well as nice white mashed potatoes and fine green vegetables. Fresh milk and wholesome eggs play a large part in the diet of each, bringing added weight and strength as the days go by.

All activity at Camp Happy throughout each day is done in periods, thus assuring a helpful program that means that each receives plenty of rest and proper exercise.

Periods are set aside for swimming, the girls taking their "dip" in the morning, and the little men in the afternoon. Walks through the cool woodland near the cabins are enjoyed; and then there are sand-piles, swings, baseball, and a variety of games for pasttime. For the smaller folks the teachers, many of whom are members of the Philadelphia public school teaching staffs, arrange games, and their play is well supervised. There is a rest period for all after each lunch time. During the afternoon milk and cake are served.

Professional and amateur talent is called upon for amusement for the youngsters during the evening, many fine entertainments that bring forth cries of laughter being enjoyed in Kendrick Hall in the evenings. Kendrick Hall is a spacious and very pretty log cabin, one of the main buildings on the site of the camp.

Each week there are many visitors at Camp Happy, whose eyes sparkle as they see slim bodies rounding out into lines of health, and note the cleanliness that prevails at all the buildings, as well as the jolly spirit that pervades each small life that arrives at the spot.

WHAT THEY WOULD HAVE SAID

The thought frequently comes to many of us, as we think of the old people we knew 25 years ago, what these folks would have said if they would have seen conditions as they are now. As they looked out on their quiet streets, in which their family horses jogged along toilsomely toward their goals, what would they have said if they could have seen this motorized age, with people darting through the streets at railroad speed?

The last quarter of the 19th century developed wonderful inventions. But it seems doubtful if it could be compared with the marvels of the first quarter of our century, with its automobiles, its radios, and its airplanes.

The effect of automobiles has been one of the most far reaching changes in the history of society. It has pulled people out of their stationary habits, and given them a free range of movement. It enables people to have homes in the country and work in cities and towns. It has saved country neighborhoods from decay. At the same time it does make many people restless, and little inclined to settle down and work as the faithful old timers used to.

It must be the mission of the years immediately ahead, to give these people who have acquired added power, a true conception of aims and purposes. They must be shown that sports and pleasures alone will not do them much good. They need to seek knowledge, intelligence, and interest in the good causes of the time. With enlightened motive added to increased power, then we shall see rapid advance in social welfare.

A GOOD TOWN

Put a peg of prosperity into your community by staying with it.

Always greet your neighbors with a grasp of confidence.

Criticize in the spirit of God-speed.

Say a good word if it hurts. Remember that those who insist on hanging themselves will do it if given enough rope.

Give your neighbor a right to an opinion as long as he keeps it to himself.

Discuss questions involving your better welfare instead of arguing with them. Apply the Golden Rule regardless of consequences.

Back up your churches and relative affiliations. You will feel better and besides are setting a good example for the young people.

Give the young people plenty of pleasure.

Failures reflect on the entire town. See what you can do to keep your neighbor on top of the water. Don't let him drown.

Let's have more handshakes and arm in arm conferences with a good will parting. It adds to that day's events.

Let's break the shell and step out. The world is wondering what we are going to do next. Let's show 'em.

Strange how suggestively wicked new dances seem after a fellow gets too old to learn 'em.

When he takes stock after coming home, he knows why they call it "spending" the honeymoon.

After one learns the art of gossip it isn't necessary to buy a car to run down the neighbors.

FEARED HEART WOULD CEASE; KONJOLA WINS

Lady Had Abandoned Hope of Ever Being Free From Indigestion

MRS. S. E. BILLMAN

"I heard of Konjola in the nick of time," said Mrs. S. E. Billman, 614 Union Street, Philadelphia, "for I had made up my mind that there was no hope for me. Indigestion was the bane of my life for years. Gas formed after meals and caused heart palpitation so badly that I feared my heart would cease to beat. This condition prevailed for five years and I wasted away in strength, weight and general health.

"Konjola changed all this completely. My health has been fully restored. My appetite was restored, stomach strengthened and my entire system was renovated and rejuvenated. In three weeks all my ills had vanished and I could appreciate the happiness of others whose indorsements of Konjola guided me to this wonderful remedy."

Konjola is sold in Bristol at Heffman's Cut Rate store and by all the best druggists in all towns throughout this entire section.—(Adv.)

FEDERALS CONTINUE TO WIN DIAMOND BATTLES

By T. M. Juno

The Federals rallied in the closing frames to score a 7-6 win over Emilie Y. M. A. here last night.

Up until the sixth inning the Emilie team held a 6-4 lead and with Praul serving the balls in good form it looked like another victory for Emilie. But suddenly Praul weakened and the team one time destined for the cellar came from behind to tie and then pass the losers.

The victory was the fifth straight for "Johnny" Mulholland's proteges, who launched a drive several weeks ago which started from the cellar and now finds them in first place. The defeat was the second in a row for the Emilieites.

Brooks won his second victory in as many nights. He took Jones' place in the third round and after being found for five hits and four runs settled down to business and allowed but one hit for the closing four innings.

The hitting of J. Fine, H. Morrell and McDevitt stood out as the features of the game.

Box score:

route 4 to Marion, where national route 23 leads into Columbus. From Columbus side journeys into the cavern and spring regions can be made westward, while southward over national route 23 the journey leads through Chillicothe to Portsmouth on the banks of the Ohio River. In this section are the famous Serpent Mounds, the Seven Caves and Sinking Springs. Returning to Columbus the homeward journey can be made eastward over national route 40.

Passing through Zanesville and Bridgeport the tour crosses the state boundary into Wheeling, W. Va., where state routes 31 and 17 are followed into Greensburg, Pa. Here the Lincoln Highway can be used to connect with the same routes on which the tour started.

Travel Club's Home Features Club Report

(Continued from Page One)

Mrs. Sommer appointed the following committee to prepare a program for the semi-annual meeting of the Bucks County Federation of Women's Clubs to be held at Bristol the last Friday in October: Mrs. Elwood Harrar, Mrs. Frank Lehman, Mrs. Charles Ortt, Mrs. George G. Bennett and Mrs. Arthur Hager.

OPERATED ON

An operation was performed upon Mrs. Eugene Quillan, of Edgely, at the Harriman Hospital, yesterday.

EMILIE A. A. TO PLAY KENT TIGERS, SUNDAY

The Emilie A. A. have what promises to be the toughest game so far this season scheduled for Sunday when they play the Kent Tigers from Trenton.

The Tigers are a half game from first place in the Trenton City League and are hot after the lead. They are a fast, hard playing lot and have a large following wherever they play.

Emilie, however, is not in the least disturbed by the ferocious reputation of the Tigers as the team from the little baseball village has been going good this spring, having won five out of six games. The team will be further strengthened by the return of "Dutch" Afflerbach. The slugging catcher from Hulmeville, paired off with Howard Black, are probably the best known battery in this section.

Several strong teams are booked to play following Sunday afternoon.

"The REDEEMING SIN"

By VIRGINIA MORRIS

BASED ON THE STORY BY L. V. JEFFERSON

A VIVID STORY OF MONTMARTRE FOUNDED ON WARNER BROS. VITAPHONE TALKING PICTURE

SYNOPSIS:-Fleurette's brother is killed in a robbery to which he has been lured by Jetteur, leader of the Apaches, whom the girl has repulsed. Ignorant of Jetteur's connection with the affair, Fleurette blames the boy's death upon Dr. de Boise. To work her plan of revenge, she comes to the physician's office and pretends to be his friend.

CHAPTER V

THE good Father Colomb is pleased that Fleurette has repented and has asked the doctor's forgiveness for her unjust accusations. The old priest knows his people. Even though they do not come to church as often as they should and they often fall from grace, their hearts are good. He bids Fleurette and the doctor good-bye and leaves them by themselves.

FOR the first time the physician is struck by the exquisite beauty of the girl before him. He quickly recovers himself, however. She has come to consult him, professionally, he remembers. "We will have a brief examination," he announces. "I'll try your blood pressure first." As he tries the pressure gauge about her arm, Fleurette's face is very close to his.

"WON'T you please forgive me for causing you so much trouble?" she murmurs. "Why, of course," is the ready reply, "It's easy to forgive one who is so charming." "Thank you," parries the girl sweetly, "It is difficult to hate a man so handsome." The doctor's gallantry is a match for her. "It is impossible to hate a woman so beautiful," he declares.

THEN, abruptly, the physician resumes his professional manner. He listens to her heart action and assures her that she is not seriously ill. Rest and a tonic, that is all she needs. It is simply a case of upset nerves. "I will have your prescription ready for you tomorrow if you will stop in," he declares. "Tomorrow—" Fleurette says softly, "Tomorrow—"

TRADE NOTES

The Jantzen swim suits have proven so popular this season that Singer Brothers, on Mill street, who are the local agents, have great difficulty in keeping a stock on hand to supply the demand.

"Joe" Singer, in speaking of the bathing suit rush, said that a large assortment of the various Jantzen suits have arrived this week in readiness for the fourth of July holidays."

Other dealers who report a large business in bathing suits since the hot spell are Gallagher & Gallagher, who say that their sales last week on suits and accessories broke all records. In advertisements in other parts of this paper these dealers offer a number of wonderful bargains for those vacation days.

Miss Mary Louise Patton Leaves on Northern Cruise

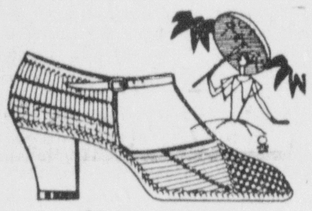

Miss Mary Louise Patton, of Philadelphia, granddaughter of Mr. and Mrs. William E. Doron, of Bristol, left today on the "Calgaric" for a cruise of the Northern Capes.

Iceland is to be the first stop, and the vessel will also make a trip to Hummerfest, the northernmost city. North Cape, Sweden, Norway and Denmark are included in the itinerary.

Crossing the North Sea on the "Calgaric," Miss Patton will leave the boat at Edinburgh, motoring then through Scotland and taking a two weeks' trip through England. The trip will be finished about September 1st.

William Kline and family moved this week from 705 Spruce street to Frenchtown, N. J.

LIVE

where you work

Many people employed in Bristol are commuting to and from their work each day. This means an unnecessary expense and a waste of time. They must leave home earlier and return later than if they lived in the town where they are employed. They have less time for pleasure and less time to spend with their families than if they resided here.

Why commute ?

Bristol as a place of residence offers every opportunity to be found in a large city. There are paved streets, sanitary sewers, good schools and churches of every denomination; periodic collection of ashes and garbage, police protection and ample space for outdoor recreation.

Housing is adequate

Housing facilities are adequate to meet the needs of all. There are dwellings here which will meet the needs of almost every family. Big six room houses with all modern conveniences including front porches and rear yards. They rent as low as $25 per month, and are comparable in type to those in the larger cities renting for nearly twice the amount.

You're a part of the community

If you live in Bristol you are a part of the community. You are not lost in the crowds of a great city where often times your next door neighbor doesn't know you. Live in Bristol and participate in its affairs and you will find life much more worth the living.

Houses - Stores - Apartments

Modern houses, small stores and a few apartments are available at attractive rentals. If you are interested, communicate with—

All-round EFFICIENCY

is the real test of a motor fuel

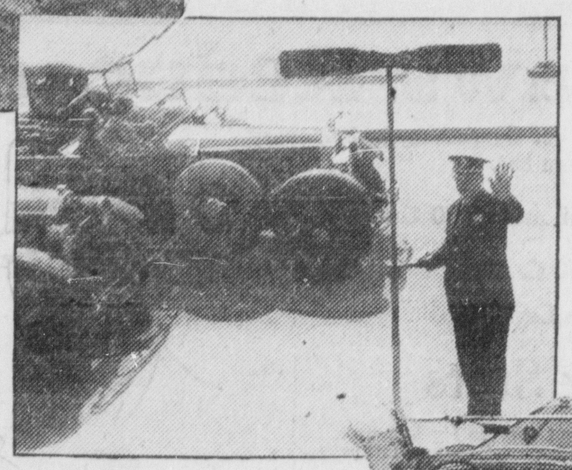

EASY STARTING. Without sacrifice of power, Atlantic Gasoline contains just enough of the lighter or more volatile elements needed to let the spark take hold at low temperatures—when the motor is cold.

EXTRA POWER. By bringing more of the higher power-producing elements of petroleum into the form that enables modern motors to utilize them fully, a pronounced degree of extra power has been developed in Atlantic Gasoline.

QUICK PICK-UP. Easy ignition, through a scientifically balanced "chain of boiling points" makes Atlantic instantly responsive to the command of the throttle.

Do you buy this or that motor fuel because of some lone outstanding feature claimed for it? . . . And in doing so, do you forget or underestimate the importance of the other qualities needed for its many-sided job?

"One-armed" motor fuels are numerous. It is easy to develop any one quality at the sacrifice of others. . . . But it is quite another matter to develop all of them to a high degree.

High all-round efficiency is an accomplished fact in the new-type Atlantic Gasoline. It is smooth-acting. The extra power in it is pronounced. . . . Yet Atlantic is amazingly easy-starting—marvelously quick on pick-up—and so unbelievably clean-burning that carbon and valve-pitting are ancient history.

READY OBTAINABILITY. No matter how good a motor fuel may be, it is of little use to you unless you can get it when you want it. Atlantic is always nearby.

REVENUE DEPARTMENT TO RELIEVE OFFICIALS

Two Elective Officers Will Be Free to Devote Time To Their Departments

AUDITOR-GEN. TO AUDIT

HARRISBURG, June 28.—Creation of the new department of revenue will, after July 1, leave the two elective fiscal officers free to devote the entire activities of their department to the duties for which each originally was intended.

Although the treasury will be less affected by the change, the auditor general's department will then become the State agency to make sure that all payments to or from the Commonwealth's funds are correct.

The auditor general's department will be required to audit the affairs of every department, board or commission of the executive branch of the State government at least once each year. All collections made by departments, boards or commissions and the accounts of every State institution will be audited quarterly.

Will Stop Leaks

This plan, framers of the new fiscal code believe, will result in stopping many minor leaks in the affairs of some branches of the State government and make certain that the Commonwealth receives all the funds to which it is legally entitled.

In addition to the audits which must be made at regular intervals the auditor general may at any time make special surveys of the accounts over which he has supervision. The Governor also will have the power to direct that special audits may be made at any time he believes they are necessary. Copies of all audits made will be submitted to the Governor.

Because the duties of the auditor general will now be primarily that of making audits, outside experts will not be employed. The trained personnel of that department will handle all the auditing work of the Commonwealth.

Intend Close Check

Audits of the department also will serve as a check on proper disbursement of State appropriations. All institutions, associations or public agencies which receive State funds will have all their receipt and disbursement funds checked regularly. If it is found that State funds are being expended for purposes other than those intended or that collections are not being made properly, the auditor general may refuse to honor further requisitions for payments from appropriations until the loss has been made good.

The department will pay special attention to the audits of accounts of collections made by other than State employes but which are returnable, in part, to the State. Accounts of city and county officers which collect taxes or penalties, payable to the State, will be scrutinized carefully. The same will be true of accounts of magistrates, aldermen, justices of the peace, burgesses, mayors and court clerks who collect fines and penalties which must be returned to the State.

All collections made by the department of revenue will be audited before they are approved. In case of error they will be returned to the department of revenue for a resettlement.

Appointment of all mercantile appraisers will be made as before, by the auditor general except in Philadelphia where they are named jointly by him and the city treasurer. The auditor general also will continue to appoint clerks and appraisers to assist registers of wills in collecting transfer inheritance taxes.
